

Seniors Leaving Information

All Year 11, 12 and 13 students who have been signed off and are ready to sit their external NCEA exams finish school this Thursday afternoon.

All senior students who are not signed off may stay at home on Friday but must return to school next Monday 9 November at 8.40am and gather in the Theatre.

These students still need our support to complete internal credits required for NCEA success this year. They will be signed off as soon as their goals are reached.

A Spectacular Graduation Dinner and Awards Ceremony for the Class of 2020

Just over four hundred Year 13 students and their parents/caregivers gathered in one of the splendid function centres at Eden Park last Friday evening for our 2020 Graduation Dinner and Awards ceremony. It was a grand and spectacular occasion with delicious food and an engaging programme. This included the presentation of Graduation Certificates and magnificent Graduation Speeches from Jade Townsend, Soloman Chiota, Natalia George, Ben Fleming, Anna McCardle and Ben Rowley. We were also treated to two outstanding items from Sax Quartet featuring: Lisa Salie, Sophia Johns, Natalia George and Kona Yanagisawa and Grace Knell singing 'Come so Far' accompanied by Ben Rowley. It was a wonderful occasion celebrating our amazing 2020 Year 13 cohort.

Totara Learning Centre Students Explore Hearts in Science

Our fabulous Biology teacher Peter Wills recently provided a wonderful learning experience for our TLC students in his Science laboratory. All of the students got to dissect hearts. They particularly loved putting their fingers down into the aortas! They learnt about the structure of the heart, identified its chambers and developed an understanding about how hearts work. Everyone judged it an exciting lesson!
