## Congratulations to Our Supreme SELWISE Award Winners

This year is the third year that we have presented our supreme Year 13 SELWISE AWARDS at our Graduation Dinner.

This award goes to the Year 13 students who have been identified by teachers in each of our 8 Learning Areas as demonstrating the strongest possible **SELWISE Learner Attributes**.

These students are **intentional** and **invested** learners who know how to go about learning and to control their learning journey. They are **connected** and **curious**; **resourceful** and **collaborative**.

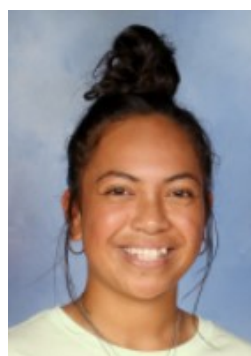

The trophy is a kite surfer because we use a kitesurfing metaphor to communicate our model for learning.

## Congratulations lisa Salie

### Simon Chan Scholarship Winner for 2020

This year at Senior Prizegiving, the Simon Chan Science Scholarship, was presented to lisa Salie - our Head Boy, Senior Scholar and very deserving candidate.

The award has been set up in memory of one of Selwyn's most accomplished world-leading science alumni, Simon Chan, and his achievements. Simon was an Associate Professor of Plant Biology at the University of California Davis. His laboratory work led to breakthroughs in plant breeding, making it possible to breed with genes from only one parent; without the complications of inter-generational inbreeding.

Simon very sadly passed away in 2012 at the age of 38 from a liver-related illness.

The scholarship will pay \$8000 towards lisa's costs of tertiary study towards a career in Science.

## Thank you Te Whanau Awhi o Selwyn

Thank you Selwyn parents and members of our PTA who put on a most amazing spread of food as a thank you to our staff this week for everything that has been done during this challenging 2020 school year. We all felt very spoilt, very grateful to parents for your expression of gratitude and ultimately very full!
